Erasmus + KA 204 - Strategic Partnership for Adult Education

OPLICO (Open and Liberal Community: Challenges and Opportunities for Adult Education)

Open, tolerant and liberal community for everyone irrespective of social status, educational background, race, gender or attitude is one of challenges of the 21st century giving opportunities for adult educators to bring positive and long-lasting effects transferring the experiences and the best practices as well as improved models of 5 European countries into local activities.

The project „Open and Liberal Community: Challenges and Opportunities for Adult Education“ will take the opportunity to share experiences of partners who have different backgrounds and large experiences of this issue as well as to transfer improved practices and methods into partner countries. All partners will learn from each other because of different approaches to the challenge of social inclusion and migration in the respective countries. Implementing this project will contribute to solving social problems in five EU countries participating in the project.

OBJECTIVES

Encourage the local communities for openness, liberty and tolerance for people of social risk groups and migrants, also facilitate their social inclusion into local communities as well as increase awareness about this within local communities through educational activities based on project partner experiences, best practices and improved methods.

Kick off meeting:

- Presentations of partners, their institutions and expectations for the project.
- Discussing project implementation issues and finalisation of the agreement.
- Presentation of social situation and system in Lithuania and Telsiai as well as integration experience of people belonging to social risk group into local communities. Visiting local community in Degaičiai.
