Kick-off meeting:
Meeting of project managers and experts and one learner per institution of all partners in Austria. One focus will be team building activities (presentation of partners, institutions and persons, getting to know each other, clearly defining roles and responsibilities, agreeing how to handle conflict situations, recognising and sharing individual expertise, agreeing on basic rules for the team work). Then the partners will discuss their definitions of creativity and develop a common understanding. Finally the meeting aims at discussing the tasks and responsibilities stemming from the grant contracts, discussing management and financial questions; reviewing work programme as presented in project application and further detailed planning of work until next meeting. A cooperation contract is closed.
